Leadership Development

Do you needing Intentional processes to empower leaders for greater impact?

- Spiritual Leadership
- Personal Leadership
- Staff and Team Leadership

Church Strengthening

Looking for effective strategies to assist churches in the kingdom impact?

- Demographics
- Hunger Relief
- Counseling Resources
- School Initiatives
- Campus Ministries
- Hospitality House

Engaging Churches for Transformation

Our Values

Connections: Demonstrated by heathy relationships with member churches, their leadership, and cooperating partners.
Community: Demonstrated by fostering opportunities for churches and leaders to grow together.
Cooperation: Demonstrated by a growing partnership of member churches working together.
Creativity: Demonstrated by a commitment to excellence in responding to the needs of member churches.
Clarity: Demonstrated by a clear focus on the missional purpose of the association.

Our Strategy

Networking: We will seek to create and foster connections between both clergy and member churches which result in personal development, mutual benefit, and Kingdom growth.
Partnering: We will seek to create and foster partnership between our member churched and cooperating partners for ministry development while focusing on the Great Commission.
Resourcing: We will seek to locate, create or provide resources to benefit our member churches within the context of our missional focus.
Technology: We will seek to expand our technological footprint in a manner that will support the overall ministry of the TEBA and its member churches to include website resources, video/teleconferencing, resource access and social media connections.

Our Measures

Missions/Church Planting: We will serve as a catalyst to enable TEBA churches to plant heathy reproducing congregations as well as initiate and support partnership missions for Kingdom growth.
Leadership Development: We will provide opportunities for training, mentoring, coaching, educational and personal development for church staffs and laity.
Church Strengthening: We will offer training, resources, and consulting to assist churches in the creation, development and growth of their individual ministries while providing assessments and consultative models which will aid churches in evaluating their health and give assistance in strategic planning and the transformational processes.
